Greetings!

Davao Regional Medical Center-Women and Children Protection Unit (DRMC-WCPU) is an institution that have been established to help victims of abuse and their families in achieving justice and healing in a holistic approach involving not only the medical aspect but also including the psychological, emotional, intellectual and spiritual aspects of the victims' well-being.

Most of the victims are children or adolescents, as they are of the vulnerable group. It has been observed that these victims also find refuge and help from their school teachers and guidance counselors. As part of the holistic approach, DRMC-WCPU would like to invite thirty-five (35) DepED teachers, counselors or staffs from different schools in Panabo to be part of the stakeholders involved in the identification, referral and intervention in the management of these victims.

We will be holding the Enhanced Training in Handling Abused Women and Children (ENTHAWC) Training on October 2-3, 2024 from 8:00 AM to 5:00 PM at the Chief of Clinics Conference Area. All materials needed for the training will be provided including meals and snacks.

If you should have questions, you may contact us in this number: 09396401464.
