MAAM:

Greetings of Peace! We are Schools for the Planet, a non-governmental organization based in Davao City that focuses on environmental education in the Philippines and Southeast Asia. Last year, we launched Climate Gen, a project that focuses on climate education. That was created in partnership with Young Eco Ambassador in Cambodia and was sponsored by the U.S. Embassy in Phnom Penh. Part of our program is to train, engage, and connect with public school educators who are interested in environmental education and provide resources they can use for climate education.

With that, we would like to invite **10 teachers from the DepEd Division of Panabo** to join us for a half-day program to introduce environmental education and share our climate action kits. We plan to conduct the program on October 19, 2024, 8:30 AM to 1:30 PM at Ateneo de Davao University. **Registration is free** and meals will be provided as well.

The program will cover topics like: Introduction to Environmental Education, Design Thinking for Climate Action, and a Climate Action Kit Simulation. Each teacher will receive a climate action kit that was created by our team, and we are hoping to check-in with them after 6 months to evaluate the use of the kits for further improvement of our program.

If there are any educators who are interested to join us that day, we kindly request that they register at this site: [bit.ly/ClimateGen24](https://bit.ly/ClimateGen24) on or before **October 11, 2024**. Once they register, they will receive an email from us with more details about the event.

Attached in this letter is our concept paper for your reference. We are hoping for your support in this endeavor, for the people and for the planet!

Daghang Salamat!

Yours in service,

A handwritten signature in black ink, appearing to read 'Tricia'.
