to me

Good day!

In line with DECS Order No. 28, s. 2001, we are changing our request from an Endorsement to an **Advisory**. Attached is our revised letter, along with the official letters of endorsement from the **UP College of Engineering - Associate Dean for Student Affairs** and from the **UP Electrical Electronics Engineering Institute**.

Additionally, to encourage widespread participation, we would like to request a **contact list of DepEd Senior High Schools** under this region with the following information:

1. Name of School
2. Name of Contact Person/School Head
3. Contact Number
4. Email (if available)

We assure you the provided contacts will be used **solely** for the purpose of **communicating with the schools** and updating interested schools and participants about the competition.

We hope for a favorable response from your office. Thank you!

The National EEE Competition and Convention

27TH

UP Circuit is a non-profit, non-political organization based in the Electrical and Electronics Engineering Institute (EEEI) of the University of the Philippines – Diliman. The organization aims to promote academic excellence in the field of Computer, Electrical, and Electronics and Communications Engineering that will encourage holistic development of its members through various activities within and outside the university.

December 3, 2024

Allan G. Farnazo

Regional Director

Dear Director Farnazo,

UP Circuit is an academic, non-profit, and non-political organization based in the Electrical and Electronics Engineering Institute (EEEI) of the University of the Philippines – Diliman. The organization aims to promote academic excellence in the field of Computer, Electrical, and Electronics and Communications Engineering that will encourage holistic development of its members through various activities within and outside the university.

With the tradition of promoting academic excellence, UP Circuit has been bringing together the country's top young minds in the field of Electrical and Electronics Engineering in a battle of wits and brilliance. **SquEEEze**, our flagship event, is the **only national intercollegiate Electrical and Electronics Engineering quiz show in the Philippines**. Now in its **27th** year, SquEEEze continues to bring a set of events that will engage more excitement and challenge for a wider audience. SquEEEze provides an exhilarating and holistic learning opportunity not only for college students but also for high school students from different regions across the country who are willing to compete and test their intellect against other schools. Along with the annual intercollegiate quiz show, highschool workshops will also be conducted. The said workshops will focus on circuit theory to familiarize participating high school students with the fundamental concepts of Electrical and Electronics Engineering, thus making them appreciate the field even more. Additionally, company talks by industry professionals will be held to provide students with insights into the practical applications of Electrical and Electronics Engineering.

With the success of last year's event, SquEEEze: The National EEE Competition and Convention will now be administered face-to-face and will be held on **January 25 for the High School Workshop and Quiz Bee** and will be held at the **University of the Philippines Diliman**.

The National EEE Competition and Convention

2021

In line with this, we would like to cordially ask for an **Advisory** from your office. This Advisory would greatly assist in the easier dissemination of information and would help us expand our reach to students from various high schools, encouraging their participation in our campaign of academic excellence. With an **Advisory from the Department of Education - Region XI**, we are hoping for a greater chance to extend this campaign to the bright minds of many young students.

We are looking forward to hearing a positive response from your office. For questions and concerns, please contact the undersigned event's heads or the head of competition, **John V. Labrador(+63 919 349 9517)**. A copy of the competition handbook will also be sent where you may find all the detailed mechanics for your reference.

Very truly yours,

John V. Labrador  
Co-overall Head  
SquEEEze

**To whom it may concern:**

This is to endorse the SquEEEze, UP Circuit's flagship event, is the only national intercollegiate Electrical and Electronics Engineering quiz show in the Philippines, and is happening on January 25 and February 1, 2025.

In its 27th year, SquEEEze brings in an annual intercollegiate quiz show, highschool workshops, company talks, a technical design contest on Electrical and Electronics Engineering. The event promotes diversity and community in addition to academic excellence.

Sincerely,

**Jaybie A. de Guzman, Ph.D.**
