**SUBJECT : RESULTS OF THE SGC ENDLINE DATA COLLECTION**

**DATE : 11 February 2025**

An effective School Governance Council (SGC) entails active and engaged internal and external stakeholders. Collaborative and harmonious working relationships between the school and its stakeholders are reinforced when responsibilities are shared and delegated, and decisions are consulted.

To strengthen the implementation of SGC, the **Bureau of Human Resource and Organizational Development- School Effectiveness Division (BHROD-SED)** has developed and rolled-out a tool aimed to initially assess SGC's functionality. The data gathered shall be used as information in identifying priority of areas that need support and assistance from the different governance levels.

The collection of the baseline information commenced last September 2022 and concluded last March 2023. Consequently, the collection of endline information began last September 25, 2023, and ended on June 21, 2024.

Following a thorough analysis of the SGC endline data, the findings showed that across 217 divisions and 16 regions, **9,498 out of 10,096 secondary schools (94%) participated in the endline data collection, with 4,649 secondary schools (49%) having functional SGCs.**

In view of this, given the significant number of participating and functional SGCs, ROs and SDOs are advised to coordinate with the secondary schools to ensure clear information dissemination of the results and continuous provision of technical assistance.
