Jinky B. Firman, PhD, CESO VI
Schools Division Superintendent
Department of Education
Panabo City Division

Dear Dr. Firman,

Greetings of Good Health!

Globally, rabies still remains one of the most fatal disease up until today. As such, World Rabies day celebrated annually every September 28, is created to raise global awareness about rabies prevention and to highlight the progress made in controlling and eliminating this deadly disease. The day serves as a platform to unite individuals, organizations, and governments in the fight against rabies, emphasizing the importance of facts, education and vaccination in preventing human and animal rabies.

Anent to, the Panabo City Animal Bite Treatment Clinic in collaboration with Panabo City Veterinary Office will be hosting **World Rabies Day** on **September 26, 2025** at **Panabo Multipurpose Tourism Cultural, And Sports Center, National Highway, Brgy. JP Laurel, Panabo City at 08:00 in the morning** to support the awareness campaign and advocate for the elimination of rabies globally.

Along this light, the undersigned would like to invite **45 Elementary School and 4 Secondary School Clinic in charge** during this momentous event. Moreover, we would also like to ask your **Division Focal Person for Rabies Prevention and Control Program** since this would be a multisectoral affair to showcase global efforts and progress in rabies prevention among agencies.

Your positive feedback is highly anticipated. Should you have any queries please contact the Program coordinator **Ms. Anne Michelle Lamban** at **+63956-692-1416** anytime at your convenience. Thank you very much for your continuous support to our health programs.

Respectfully yours,

Anne Michelle S. Lamban, RN
Nurse II/ Program Coordinator
