Dear Dr. Firman,

Greetings of peace!

The Arrupe Office of Social Formation (AOSF) is the center for social formation of the Ateneo de Davao University (AdDU). It is responsible for developing students, faculty, and staff to serve others in accordance with the spirituality of St. Ignatius and the teachings of Jesus Christ. The office implements social formation programs and activities that shape members of the Ateneo community into persons who are critical, discerning, and responsive to changing social realities and needs of the communities.

Over the years, the AOSF has established stronger partnerships with various communities through local government units (LGUs), parishes, and institutions within and outside Davao City, as it endeavors to implement programs that promote social justice in the service of the faith. Being one of the schools in Panabo City that earnestly shares our mission, and given that the school's leadership is new, the Community Engagement Program (CEP) of AOSF seeks to foster university and community partnerships.

As such, the AOSF of Ateneo de Davao University intends to partner with Manay National High School through the Service-Learning Hub, where we hope to enhance students' learning by enabling them to practice skills and test their classroom knowledge from their professional course, Instructional Materials Development and Evaluation, through related community service experiences.

With this, we would like to request that your office support us in this endeavor by allowing our students, along with their Academic Professors and the Service-Learning Hub staff, to visit Manay National High School. At the same time, we would like to take this opportunity to invite you to our Pagtambayayong
